

Name	WALK ON BARK
Product Category	Bark & Mulch,
Product Type	Wood Chips,
Description	Walk on Bark is a beautiful high-end ground cover for commercial landscapers or homeowners. The Walk-on Bark is made of ground virgin fir. No herbicides or pesticides are used. The Walk-on Bark is screened from 2" to 3". The shape helps the mulch lay down flat and gives a softer feel for pathway applications. Great for water retention (at 2") and weed control (at 3").
Details	Bag Size: 2CU. FT.k.
